

YUDHA PERWIRA NUSANTARA, S. Kom

Senior IT Infrastructure | IT Operations | System Administrator | Banking & Technology Industry | 8+ Years Experience

yudha.perwira92@gmail.com | [linkedin.com/in/yudhaperwira](https://www.linkedin.com/in/yudhaperwira) | bit.ly/yudha-perwira | (+62) 877-8266-2123 | Surabaya, East Java, Indonesia

PROFESIONAL SUMMARY

Senior IT Infrastructure & IT Operations Specialist with **over 8 years of experience** supporting **Enterprise IT** environments in the **banking, logistics, and technology industries**. Experienced in managing IT operations for **over 700 users** in a multi-site environment, coordinating infrastructure implementations across **144 BNI branches**, and leading the implementation of strategic projects such as **Biometric Verification, SONIC, and BNI's Online Queuing System**. Expertise includes **Enterprise IT Infrastructure, Active Directory, Windows Server, VMware, Network Administration, Incident Management, Vendor Management, and IT Project Coordination**, with a focus on improving infrastructure reliability, IT service availability, SLA compliance, and business operational efficiency.

CORE COMPETENCIES

- Enterprise IT Infrastructure
- IT Operations
- System Administration
- IT Service Management
- Incident Management
- Vendor Management
- Network Administration
- Active Directory
- Windows Server
- VMware
- WMS & SCM
- IT Project Coordination

TECHNICAL SKILL

Infrastructure: Enterprise IT Infrastructure • Active Directory Administration • Windows Server Administration • VMware Workstation

Networking: LAN/WAN • TCP/IP • DNS • DHCP • VPN • Client Support • Cisco Switch • Aruba Switch • Huawei Switch • Mikrotik Router • VLAN Configuration • Access/Trunk Port Configuration • Configuration Backup • Wireless Access Point

Systems & Applications: Warehouse Management System (WMS) • Supply Chain Management (SCM) • Microsoft Windows 10/11 Administration • Microsoft Office • Microsoft Outlook

Remote Administration: Remote Desktop (RDP) • AnyDesk

Security & Surveillance: Hikvision CCTV • Inti SmartReader V2 (Biometric e-KTP)

IT Operations: IT Service Management • Incident Management • Problem Management • Vendor Management • IT Asset Management • Technical Documentation • Root Cause Analysis • SLA Compliance

WORK EXPERIENCE

PT. Bi-Chain Science and Technology

Sept 2023–Present

QC & IT Support Specialist — *Surabaya*

Responsibility:

- Managed WMS monitoring across three operational sites, ensuring zero production downtime for 700 users.
- Perform same-day troubleshooting and incident resolution for approximately 70 IT tickets per month (applications, hardware, LAN/WAN, ISP) in accordance with SLA standards.
- Coordinate directly with the IT team in China regarding system bugs, integration issues, and hardware/software requirements.
- Implement and maintain automation infrastructure (printers, switches, access points, computers, network devices) at 3 (three) warehouse locations.
- Analyze the root causes of system failures and conduct post-implementation reviews to verify stability.
- Optimized the QC reporting workflow for the Inbound & Inventory teams at three warehouses, improving back-office data accuracy.

Key Achievements:

- Maintained uninterrupted WMS operations across 3 warehouse sites for 700 users through proactive monitoring.
- Achieved a same-day resolution rate for approximately 70 IT incidents per month with 100% compliance with SLA documentation requirements.
- Supported QC reporting for 3 warehouse back-office teams with consistent data accuracy and timely delivery.

CV. Bina Karya Solusindo

Mar 2023–Sept 2023

IT Support Specialist — *Surabaya*

Responsibility:

- Installed, configured, and tested more than 10 types of IT and IoT devices for approximately 20 customer solution implementations, ensuring 100% operational readiness.
- Provided technical support to approximately 20 clients, including troubleshooting hardware, software, and device connectivity.
- Conducted preventive maintenance schedules at client sites to minimize device downtime.
- Developed a structured device failure documentation system for the team's troubleshooting reference.
- Coordinated with the sales and project teams to align technical solutions with client implementation needs.

Key Achievements:

- Deployed and supported more than 10 types of devices across approximately 20 client locations with zero deployment failures prior to the client handover.
- Established technical documentation standards that reduced the time spent on repetitive troubleshooting for subsequent deployments.

IT & Technology Analyst | Assistant Manager — *Surabaya*

Responsibility:

- Managed the stability of the banking transaction application system across 144 branch offices through proactive monitoring and cross-divisional coordination with Headquarters.
- Coordinated the setup of IT infrastructure for new branch openings and ATM relocations across 14 divisions, managing 14 vendors simultaneously.
- Analyzed and resolved multi-layer system failures (applications, hardware, network) to restore branch operational capacity.
- Optimized vendor performance through structured coordination of preventive maintenance with 14 vendors.
- Implemented corrective actions for 100% of IT audit findings across 144 branch offices in accordance with BNI governance standards.

Key Achievements:

- Served as the sole Implementer, Coordinator, and Technical Support Specialist for the Biometric Verification Project across all 144 BNI Surabaya Regional branches.
- Contributed to the installation and configuration of SONIC (Self-Opening New Account) alongside the Head Office team—enabling real-time account opening without customer service intervention.
- Collaborated with the Head Office technical team to deploy the BNI Online Queue System across 144 branches in the Surabaya Region.
- Provided direct technical support for corporate client events: Rans Entertainment, Garuda Indonesia, and other BNI strategic partners.

Teller Bank & Customer Service — *Surabaya*

Responsibility:

- Manage daily cash vault operations, including restocking, sorting, counting, and general ledger recording with a zero-discrepancy tolerance.
- Prepare daily cash position reports and Cash Count Reports in accordance with BNI audit standards.
- Implement 100% corrective action for all audit findings, strengthening branch SOP compliance.
- Provide dual-role banking services as both a Teller and Customer Service Representative, managing account administration and product consultations.

Key Achievements:

- Maintained 100% cash-balancing accuracy with zero discrepancies over 3 years and 7 months of operations.
- Entrusted with dual responsibilities (Teller & Customer Service) — reflecting management's confidence in my operational reliability

PT. Bank Maybank Indonesia Tbk.

Sept 2014 – Feb 2016

Teller Bank & Customer Service — *Surabaya*

Responsibility:

- Process high-volume banking transactions (deposits, withdrawals, transfers) in accordance with SOPs and OJK regulations, ensuring zero major discrepancies.
- Verify customer identities and transaction documents to mitigate operational and fraud risks.
- Maintain daily cash balancing and transaction reconciliation in accordance with internal audit and OJK standards.
- Support customer service functions, including account openings, data updates, and requests for banking services

Key Achievements:

- Maintained zero major discrepancies over 1.5 years of operations while fully complying with OJK regulations.
- Entrusted with a cross-functional customer service support role — demonstrating reliability recognized by branch management.

PT Suksesindo.

Jul 2014 – Sep 2014

IT Support Specialist — *Surabaya*

Responsibility:

- Manage the office network infrastructure, including routers, switches, Wi-Fi, and ISP connectivity, to maintain stable network performance.
- Perform preventive and corrective maintenance on desktop computers, laptops, and printers to ensure operational readiness.
- Provide technical support for hardware, software, operating system, and network issues experienced by internal users.
- Perform basic troubleshooting and network administration to resolve technical incidents efficiently.
- Manage the company's bulk email campaigns using the corporate email system to support marketing initiatives and client communications.

Key Achievements:

- Managed IT support for 24 employees and maintained 24 desktop computers to ensure the smooth operation of daily business activities.
- Ensured stable office network connectivity through routine monitoring and troubleshooting of routers, switches, Wi-Fi, and ISP connections.
- Performed preventive and corrective maintenance on end-user devices, thereby reducing operational disruptions and improving equipment availability.
- Managed mass email campaigns to hundreds to thousands of recipients using the company's email system to support business communication with clients and partners.

EDUCATION

Wijaya Kusuma University, Surabaya

Aug 2010 – Aug 2014

Bachelor of Science in Computer (S.Kom) | **GPA:** 3.29/4.00.

Academic Experience

- Lab. Assistant Coordinator, Computer Engineering Laboratory.
- Project Instructor – Website Development for the Ministry of Development of Disadvantaged Regions.
